Keye's training style is nothing short of inspiring.

He has a natural talent of drawing in everyone in the room, engaging them with the training materials and with each other.

By tailoring his delivery to fit the room, he gets everyone involved in discussions before expertly pulling focus back in order to summarise and continue the flow of the session.

Keye Oduneye is without a doubt the best trainer I have ever had the chance to learn from. Not only is he energetic and entertaining, but he also has a skill that many trainers often lack: the ability to listen.

He can quickly read a room and adapt to it with ease which makes the workshop much more insightful and personalized.
